October Mission Drive 2026

October Mission Drive 2026

The Church of God of Prophecy is truly an All Nations Church, and every congregation has a part to play in our global mission. The October Mission Drive gives each of us an opportunity to respond together in prayer and financial support.

Jesus calls His Church to be His witnesses “unto the uttermost part of the Earth” (Acts 1:8). God’s mission is more than sending resources from one place to another. It is about building healthy relationships between local churches, missionaries, national leaders, and believers around the world.

Our goal is to facilitate those relationships as we strengthen local ministries, raise and equip leaders, care for missionaries, and support the work God is doing, even in the uttermost parts of the Earth.

This October, you and your congregation are invited to partner with us!

You can do this by:

- Praying intentionally for national leaders, churches, and families serving around the world.
- Learning and sharing our October Mission Drive resources which are available at globalcogop.org
- Giving generously and providing the resources needed for ministry development, church planting, and many other needs across the globe.
- Considering a Harvest Partner. If your church has not already, please consider signing up for the Harvest Partner program so you and your congregation can build a relationship with the leaders of a specific nation to better facilitate ongoing prayer and giving opportunities.

Every congregation has a role in God’s global mission. Through your prayers and provisions, we can equip ministry leaders, strengthen churches, and provide the resources needed for the Gospel to be proclaimed in All Nations.

Together, we are participating in God’s work of reconciling the world to Christ through the power of the Holy Spirit. Thank you for praying, giving, and standing with our global church family during this October Mission Drive!
